

ADVANCED RESOURCE TECHNOLOGIES INC.

CAPABILITY STATEMENT

ABOUT US

At **Team ARTI**, we are a leading provider of technological solutions and services for the federal government. With a deep understanding of the unique requirements and challenges faced by federal agencies, we have been delivering exceptional results for our clients since our inception.

Our team consists of highly skilled professionals with expertise in various areas, including Security Services, SETA Support Services, SBIR/STTR Services, and Linguistic Services. We have a proven track record of delivering innovative and effective solutions that enable federal agencies to achieve their mission objectives efficiently and securely.

CORE COMPETENCIES

- 
Security Services
 We provide Network, Cyber and Information Security solutions to our clients, many of whom face challenges while integrating their information security activities with the overall agency structure and activities.
- 
Linguistic Services
 We offer over 25 years of experience and expertise developing and managing linguistic data to construct translation algorithms, test systems for Machine Translation (MT), and produce information extraction in multiple languages. Natural Language Processing (NLP) in building MT, Automatic Speech Recognition systems (ASR), and Text to Speech (TTS).
- 
SETA Support Services
 We offer a wide range of program management, logistics and technical support while working closely with our clients to plan, initiate, execute and control program tasks, costs and schedule.
- 
SBIR/STTR Services
 We provide a highly talented team to plan, manage, and coordinate technical and administrative support requirements to ensure effective processing and tracking of Phase I, II and III of the program.
